The screenshot displays the KONTAKT software interface. On the left, a library browser shows the 'Artist Series - Tina Guo vol 2' collection, listing 10 instruments such as 'Arco Legato', 'Open Strings', 'Sul Pont', and 'Harmonics'. Below this, other libraries like 'Ethno World 6 Voices' and 'Ethno World 6 Instruments' are visible. The main area is a 'Multi Rack' containing 10 instrument slots, each with a name, output, MIDI channel, and memory usage. The first four slots are expanded to show controls like 'Tune' and 'Purge'. At the bottom, a piano roll is visible, and a status bar indicates the current instrument name and sample size.
